WEEKLY REPUBLICAN—1907.
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., SATURDAY, JULY 16, 1904.

AT THE MENAGERIE.

I like the armadillo, I respect the kangaroo,
I'm nuts upon the monkey and adore the cocka-
too;
I believe there's latent talent in the wombat and
the stoat,
And I think the hippopotamus entitled to a vote.
I know not why, or wherefore, but, however it may
be,
The beaver (castor fiber) has a nameless charm
for me;
I've met with true politeness from the lynx, and,
'pon my soul,
I cannot speak too highly of the common Yankee
mole.
I love to watch the creatures, and to learn their
little games;
I call them from my fancy all the prettiest pet
names:
There's the camel, Humpty-Dumpty; Nech-or-
Nothing, the giraffe;
Jolly Gnash the old hyena, with his idiotic laugh.
I mark the restless motions of the more ferocious
lots—
How the tigers shift their places, and the leopards
change their spots;
I visit, too, the burly bear, and give my wanted
doe
(N. B.—The polar bear is not the bear that climbs
the pole).
Then let us be to every beast a patron and a friend;
Each tells his tale, each has his aim, as sure as
he's his end.
A lesson's to be learned from them, and man him-
self may steal
Some new light from the tapir, some impression
from the seal.

**"There Isn't One
Really Good
Printer in Five
Hundred."**

Printers' Ink—the leading journal on
publicity of all kinds—has the following
to say: "There are thousands of printers
in this country, good, indifferent, and a
lot of bad ones. There isn't one really
good printer in five hundred. Intelligent
advertisers are willing to pay for good
printing, no matter where it comes
from."

Printers' Ink knows what it is talking
about. Poor printing is a bad investment
—it's worse than a blank. A business-
man's stationery or booklet is like a
traveling man—if it's neat, well-dressed
and to the point, the first impression is
good and your chances of doing business
on the strength of it are good.

We realize this. We keep abreast of
the times. We know what good printing
is and produce it. We are pretty careful
not to let a bum job get onto our presses.
No press in the country can better our
printing and we want you to know it.

Board of Education

The Board of Education met at 7:30 o'clock
last evening. President Sallee in the Chair.

The Maysville Gas Company presented and
was allowed a gas bill at the Public Library
from 1897 and a gas bill at the High School
Building from 1900.

The School Board paid one-half of the Public
Library account.

Mr. Ryder of the Property Committee re-
ported that Miss Florence Wilson's school room
in the Plum Street School was too small for the
accommodation of her pupils, and the Board
discussed the advisability of enlarging her room
at an expenditure of several hundred dollars.
The temper of the Board appeared to be in favor
of keeping down repairs on all of the school
buildings with the ultimate end in view of keep-
ing the money for a new school building. The
city now maintains five Public School Buildings
and the members thought that two school build-
ings ought to accommodate all of the school
children. The idea seemed to be to keep the
Fifth Ward building for the use of the Fifth
and Sixth Wards and sell all three of the build-
ings this side of Limestone creek and use the
money in putting up one first-class central school
building as a matter of expediency and economy.
After some discussion the repairs on all build-
ings was limited to actual necessity.

The Committee on Supplies was ordered to
put modern seats and desks in Miss Wilson's
room.

No one knew anything about the new law
governing the appointment of Truant Officers,
and the Secretary was directed to write to the
proper officials at Frankfort for information
concerning Truant Officers, and also the pre-
visions of the new law governing the adoption
of text-books.

The readers of this paper will be pleased to
learn that there is at least one dreaded disease that
science has been able to cure in all its stages, and
that is Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical fraternity.
Catarrh being a constitutional disease, requires a
constitutional treatment. Hall's Catarrh Cure is
taken internally, acting directly upon the blood
and mucous surfaces of the system, thereby dis-
troying the foundation of the disease, and giving
the patient strength by building up the constitu-
tion and assisting nature in doing its work. The
proprietors have so much faith in its curative
powers that they offer One Hundred Dollars for
any case that it fails to cure. Send for list of tes-
timonials.

We've had so many good things to tell about in Hosiery and Underwear this season that we begin to

more usual to us. So we want to emphasize good and hard. It is wasteful to miss this opportunity if you need
stockings or vests, or if you will need them soon.

LABOR leaders claim the last census shows 17,000,000 who support themselves by labor, of which 3,000,000 are Union men; and it remains to be decided whether the 3,000,000 who want a "closed shop" can rule the 17,000,000 who work in "open" shops.

WHEN the "Government Morgue" is completed, the Editor of THE LEDGER will be the first person who will try to get into it.—*Evening Bulletin.*

Not on your life. The Editor of THE LEDGER resigned the last Government office he held, and doesn't want another. He is satisfied with the honest living he is now making.

But, by the way, why do you thus early concede the defeat of PARKER?

SOME of the Democratic papers that have been perniciously active in denouncing "corporations," "millionaires," "railway magnates," et-cet-e-ra, are just now shaking hands with themselves because Mr. DAVIS, their candidate for Vice-President, is President of some railroad companies, owns a few coal mines, is a director in several "protected industries," and is withal a twenty-millionaire. What a wonderfully elastic thing is Democratic consistency.

LAST Sunday a number of Louisville Preachers sermonized on the recent tragic death of R. LEE SUTER, a public official, in Dream Palace Fishing Camp, where he was of a company of fellow-officials, of gamblers and at least six popular prostitutes. One of these,—the Rev. FRANK THOMAS,—taking a text reciting the

"high old times" that prevailed in Jerusalem several centuries ago, when political corruption and "graft" were dominant in that ancient city, said—

"In many of the large cities of the United States we find conditions resembling these. Nor need we look beyond Louisville for a parallel. Here in our beloved city, the metropolis of Kentucky, the chief city of the real gateway of the South, the Administration charged with the enforcement of the law seems to be at the beck and call of 'the powers that prey.' Do you need any evidence of this fact? With Sunday saloons open in plain violation of the laws of the state and the decision of the Supreme Court, with Sunday theaters and Sunday baseball in the same category, with the red light district plying its nefarious business without check or hindrance, and the expressed belief of the public that men sworn to enforce the law are open patrons of these dens of infamy. Do we need any evidence when a member of the Board of Public Safety, the Board charged with the enforcement of law, was killed last Sunday morning in a fishing camp, which, with its trinity of evils—cards, wine and lewd women—was not, and is not, a dream palace, but a den of infamy and death?"

"We are charitable enough, and just enough, to believe that this member of the Board of Public Safety, the husband of a noble woman, the father of lovely children, was asleep when the fatal bullet struck him and ended a promising career. But the solemn fact remains that the crowd directly responsible for his death—two lewd women, a boy and a married man—was in a large measure the product of his failure to enforce the law. It is not too much to say that he was in a certain true sense killed by his own machine."

It is well enough to "sermonize" on such occurrences as this; it were better far to see to it that men of Mr. SUTER's character are not chosen for office. And in this connection THE LEDGER would much like to have a poll of the Ministers of Louisville, as well as of her Church officials and membership, just to know how many of them voted for the "machine" that ground out the official grist of which Mr. SUTER was only a grain.

A CONTINUAL STRAIN.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. Sold by Henry W. Ray, Post-office Druggist.

Paris Green That Kills.

Many imagine that all Paris Green is of equal potency. This is not the case. Analysis of samples from various makers shows that some have more than twice the strength of others. You have perhaps observed evidence of this in the failure of an application of Paris Green to your tobacco plants to rid them of worms as it should. We guarantee the strength and effectiveness of the Paris Green we sell. The manufacturers have a reputation for the high and uniform excellence of their product. There's economy in using this Paris Green; it goes farther and always does the work.

YOUR KIDNEYS ARE THEY WELL?

Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered Kidneys. A simple test for Kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.

Some Pronounced Incurable
Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

Had Lumbago and Kidney Trouble
Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."

A revival at the Christian Church at Sharpsburg closed with forty-two additions.

The late B. F. Weimer, who was drowned recently at Ripley, was a member of Company E, Sixteenth Kentucky.

James W. Bess, accused of robbing and murdering a widow at Lexington, says her ghost is haunting him and that the Lord has told him to call upon the Rev. Mr. Allen for deliverance.

Mr. George L. Cox has The Ledger's thanks for a late copy of The Atlantic Review. The thirtieth annual session of the Imperial Council of the Mystic Shrine is now drawing crowds of visitors to Atlantic City, where Mr. Cox and family are spending the summer.

The Directors of the Chesapeake and Ohio Railway Company in Kentucky, at a meeting at Lexington Thursday, elected George W. Stevens, President; Decatur Antell, Vice-President; C. E. Wellford, Secretary, and C. E. Potts, Treasurer. Mr. Garrett B. Wall is one of the Directors.

The Queen City passed down last night with a large passenger list. She will be up tonight about 12 o'clock and will receive an excursion party at this point who will make the round-trip.

The Charles Brown, Otto Marmet, Jim Wood, Sam Brown and Frank Gilmore passed up with empties. The Pacific and Ed Roberts from Pittsburgh passed down, thus winding up the end of this run of coal on the last rise out of Pittsburgh.

The Tom Dodsworth burned out her boilers below North Bend Thursday. She was forced to the bank and had to call for assistance. The Raymond Horner, which was bound up the river with a tow of empties, was hailed and took the tow of the Dodsworth to Louisville. The Dodsworth will have her boilers repaired and then go above with a tow of empties.

The Pittsburgh packet, Queen City, was attached by United States Marshal Stephen Stone at Pittsburgh Wednesday. Richard Barksdale, a colored waiter on the boat, sued the packet company for \$10,000, for an alleged beating he received from officers of the boat and another sum for wages. The company gave bond in \$10,022.80 to cover the suits.

At the big mass meeting held at Memphis, Tenn., following the war on gambling and the killing of Deputy Sheriff McDermott and Mitchell during their raid of a peep gaming house in the tenderloin district, addresses were made by prominent citizens and resolutions were passed demanding the resignation of Mayor Williams and Vice-Mayor Henderson and the removal of Chief of Police Mason. More than 5,000 people attended the meeting.

Prospects of an immediate peaceful settlement of the big packers' strike at Chicago were given a strong setback yesterday when President Donnelly of the Butchers' Union, in reply to the stand taken by the packers, rejected the propositions submitted by the beef companies. The employers offered to arbitrate everything—wages, working conditions, &c. Meanwhile they propose that the strikers be taken back as fast as possible at the same wages they were receiving at the time of the strike. These propositions, however, did not suit the labor leaders. On their part they asked that the wages to be paid during the period of arbitration be according to the schedule in force previous to May 28th, the time the agreements expired. They also demanded that the strikers be reinstated in a body.

Edgar T. Washburn, member of the Buffalo (N. Y.) STOP IT, PLEASE!

Ball Playing in the Streets Forbidden By City Ordinance

THE LEDGER has on more than one occasion called attention to the danger attending the pastime of boys and young men passing ball in the public thoroughfares of the city.

Not long since a venerable lady who resides in Front street and a valued friend of the people's paper, had a very narrow escape while passing up Sutton street from one of these passed balls, and at her request THE LEDGER again wishes to call the attention of the proper authorities to the repeated infraction of a city ordinance governing this matter.

THE LEDGER in no manner wishes to abridge or curtail the liberties of Young America. On the contrary, it rather delights in all his innocent amusements and sports; at the same time it does not want the lives of the citizens jeopardized in any such manner as the passing of ball in the streets.

There are plenty of places hereabout for the exercise of this healthful and exhilarating sport without pre-empting and making a ball park of the streets.

Stop it right now before some one is seriously injured and trouble arises from annoyance and evil.

PLENTY OF IT

Lots More Proof Like This, and It Is All From Maysville People

"The proof of the pudding is in the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Maysville. Genuine merit is finding its reward in the hearty indorsement of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication it is proof convincing for the most skeptical. Read this testimony:

Mr. A. W. McClanahan of 119 West Second street says:

"The use in my case fully demonstrated the value of Doan's Kidney Pills. I suffered more or less from kidney trouble for twenty years, steadily becoming more persistent as time passed on. My attention was called to Doan's Kidney Pills and I got a box at J. James Wood & Son's Drugstore, corner of West Second and Market streets. The treatment so greatly benefited me that my only regret is that I did not know of this valuable remedy years ago, for had such been the case I would have been saved much suffering."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.
